

# Cahaba Snake Traps

**Weather Resistant, Durable and Reusable Snake Traps provide Quick, Safe and Humane Control for Snakes**

Large Trap  
32"x10.5"x2.5"

Small Trap  
16"x5.5"x2.5"

Nixalite now offers the indoor and outdoor Cahaba Snake Traps for the safe and humane capture of snakes, rodents, spiders, lizards and insects.

With an all weather plastic housings and replaceable glue coated catch inserts, these traps can be used almost anywhere. As long as it is kept out of running or standing water you can place the trap wherever these snakes live. It works indoors and outdoors, rain or shine, 24 hours a day.

Cahaba traps are available in large and small sizes. The small hard cover traps can capture snakes up to 18" long as well as rodents, reptiles and insects. Larger snakes will require the use of the larger snake trap housings and glue inserts.

### Economy Snake Trap

Collapsible snake trap includes 1 large trap insert. For indoor & outdoor applications.

Large Size  
32"x10.5"x2.5"

The large hardcover trap comes with 2 catch inserts while the collapsible trap comes with 1 insert. Small hard cover traps come with 3 catch inserts. All glue inserts can be purchased

separately from the traps. This allows for the affordable and repeated use of trap housing using replaceable glue inserts.

### Trapping snakes:

There are no guarantees when it comes to trapping. The best chance of success is to hire a wildlife control professional. Otherwise these traps can be very useful for the effective and safe removal of snakes and other pests.

These traps do not attract snakes to a location, they remove them from a location. Trap placement is critical. You must have some idea where the snakes have been sighted or where the snakes might be hiding. Position the trap in or around these areas so the snake sees the trap as a possible hiding place. When a snake enters the trap they get entangled in the glue catch inserts. The more they try to get away, the more they get caught up in the glue.

To release a captured snake, use vegetable oil to release the snake unharmed.

For more information refer to the product packaging or call Nixalite at 800.624.1189.

### Why Use Cahaba Snake Traps?

- They work indoors and outdoors, rain or shine, 24 hours a day.
- Repeatable, multi-use trap with replaceable glue coated catch inserts.
- Much more economical than single use traps.
- Installs quickly and easily, no tools needed.
- Available in 2 sizes.
- Large hardcover trap comes with 2 glue inserts. Small hardcover trap comes with 3 glue inserts.
- All traps come with *genuine* Cahaba Catch Inserts - no substitutes.
- Collapsible trap comes with one large trap insert.
- Replace the inserts but keep the hard cover traps for years.
- Ultra-sticky glue holds snakes firmly in place.
- Also catches rodents, lizards, scorpions, spiders, and other creepy crawlies.

**Important!** Approach trapped snakes with CAUTION. All snakes can bite and some snakes are poisonous. Do not directly handle live trapped snakes. Refer to the directions supplied with these traps for more detailed information.
