

FOG FORCE™ AR BIRD REPELLENT

ALL SPECIES. WORKS INSTANTLY.

TECHNICAL BULLETIN

IMMEDIATELY REPEL BIRDS

Effective Bird Repellent Systems

Rejex-it® Fog Force™ AR provides you the tools you need to make bird control easy and effective.

Rejex-it® Fog Force™ AR is an aerosol bird repellent formulated from **Methyl Anthranilate (MA)** and used for the non-lethal control of birds.

INGREDIENTS:

Methyl Anthranilate (MA),	
methyl 2-aminobenzoate	20.0%
other ingredients	80.0%
TOTAL	100.0%

APPLICATIONS:

Rejex-it® Fog Force™ AR may be used to repel birds such as starlings, blackbirds, cowbirds, gulls, Canada geese, mallards and other birds that have become a nuisance or health hazard in the target area.

HOW DOES IT WORK?:

Rejex-it® Fog Force™ AR works as a bird repellent by irritating birds' eyes and mucous membranes. There are no species of birds that are not affected. This will repel established flocks of birds for the season without permanent damage to the birds. The birds must be exposed to the spray and inhale it to be effective. They do not have to eat the product. Birds will associate the pain stimulus with the site, learning that the site is not desirable. It may take repeated exposures to the aerosol for the birds to learn to leave the area completely for the season.

WHERE TO USE:

- shopping malls
- stadiums
- storefronts
- pools
- cafes & restaurants
- marinas
- warehouses
- patios
- transfer stations
- atriums
- packing houses
- schools
- amusement parks
- cemeteries
- playgrounds
- garages
- business parks
- hotels
- barns & stables
- and more...

REAPPLICATION:

Rejex-it® Fog Force™ AR will provide immediate results, however, it may take several applications to obtain long-term results.

FOG FORCE™ AR AEROSOL

This product is a ready to use hand held aerosol can, which immediately moves birds. Simply aim in the direction of the nuisance birds. Repeated applications may be needed to train the birds to leave the area. The perfect solution to instantly put distance between you and birds.

FOG FORCE™ AR TECHNICAL DETAILS

FOG FORCE™ TR BIRD REPELLENT

ALL SPECIES. WORKS INSTANTLY.

TECHNICAL BULLETIN

STOP ROOSTING NOW

Effective Bird Repellent Systems

Rejex-it® Fog Force™ TR provides you the tools you need to make bird control easy and effective.

Rejex-it® Fog Force™ TR is a time-release aerosol bird repellent formulated from **Methyl Anthranilate (MA)** and used for the non-lethal control of birds.

INGREDIENTS:

Methyl Anthranilate (MA),	
methyl 2-aminobenzoate	20.0%
other ingredients	80.0%
TOTAL	100.0%

APPLICATIONS:

Rejex-it® Fog Force™ TR may be used to repel birds and reduce roosting for all bird species including: starlings, blackbirds, cowbirds, gulls, Canada geese, mallards and other birds that have become a nuisance or health hazard in the target area.

HOW DOES IT WORK?:

Rejex-it® Fog Force™ TR works as a bird repellent by irritating birds' eyes and mucous membranes. There are no species of birds that are not affected. This will repel established flocks of birds for the season without permanent damage to the birds. The birds must be exposed to the spray and inhale it to be effective. They do not have to eat the product. Birds will associate the pain stimulus with the site, learning that the site is not desirable.

WHERE TO USE:

- shopping malls
- stadiums
- storefronts
- pools
- cafes & restaurants
- marinas
- warehouses
- patios
- transfer stations
- atriums
- packing houses
- schools
- amusement parks
- cemeteries
- playgrounds
- garages
- business parks
- hotels
- barns & stables
- and more...

REAPPLICATION:

Rejex-it® Fog Force™ TR will provide immediate results, however, it may take several applications to obtain long-term results.

- 1 Slide Can Inside Dispenser.
- 2 Choose Settings for Dispenser.
- 3 Place in Desired Location & Turn On.

*see dispenser chart

FOG FORCE™ TR TIME-RELEASE

This is a ready to use aerosol can with the same power as Rejex-it® Fog Force™ AR, but inserted in a time-release dispenser. The dispenser should be placed in a corner where birds roost to deter nesting, or where the airflow penetrates roosting and nesting sites. The dispenser is sold separately but Fog Force™ TR fits a variety of dispenser brands that have customizable settings for your needs. Fog Force™ TR is the perfect solution to put and keep distance between you and birds.

FOG FORCE™ TR TECHNICAL DETAILS

AREA COVERED:	Shoots 150-200 sq. ft. depending on airflow
USE RATE:	One can per 30 days depending on setting
	One can repels hundreds of birds
	2,880 Shots per can
PACKAGE SIZE:	0.55 lb (250 g) cans. 12 cans/case
