

IGEBA - The Global Standard for Excellence and Quality in Thermal Fogging

TF-95 HD Thermal Fogger

Engineered from the beginning to efficiently fog medium to large areas, indoors and outdoors, quickly and economically. Can apply both **Oil** and **Water** base formulations by swapping the standard fog tube for the optional water tube.

TF-95 HD Features:

Highest quality standards of any truck or skid mounted thermal fogger. Stainless steel fuel tank, formulation tank & fog tubes. Most other parts made from brass, Viton and Teflon. Optional in-cab controls with a 12v auto-start compressor.

TF-95 HD Specifications

Weight empty:.....87 lbs / 39,5 kg
 Dimensions Inches:.....78 x 23.5 x 24.5
 Dimensions Cm:.....198 x 60 x 62
 Solution Tank Capacity:.....15.8 G / 60 L
 Fuel Tank Capacity:1.4 G / 5,5 L
 Fuel Requirements:.....Unleaded gasoline
 Max Performance:50 HP / 36,8 KW
 Max Flow Rate (oil base):26.5 Ghr / 100 Lhr
 Ignition Batteries:.....4 "D" batteries

Applications:

Use IGEBA Thermal Foggers for both indoor and outdoor applications that require the efficient application of fog over large areas. Specific uses;

- Bird control with Fog Force Bird Repellent
- Vector disease control for flying insects
