## Why Poop-Off is clearly the best choice!

- More enzymes than the 3 leading brands combined.
- Biodegradable, non-toxic, all natural.
- Safe for use around people, animals, birds, reptiles.
- Approved for use in carpet cleaning machines.
- Does not use alcohol or oils that can ruin fabrics.
- Removes stains left by blood, feces, urine, food, mildew and other organics.
- Removes odors caused by urine, vomit, mildew, mold pheromones, etc.

Poop-Off Superior Stain & Odor Remover is a ready to use, surface and fabric cleaner that uses naturally occurring enzymes and fragrances to safely and effectively remove the toughest stains and odors from all types of surfaces.

Poop-Off contains more natural cleaning enzymes than the three leading brands combined. These enzymes 'digest' the stain and odor causing organic material, eliminating the stain and the odor at the same time. Use on all types of surfaces, including carpet, furniture, bedding, pet cages & litters, bird and animal roosts, and more.

### Directions for stain removal:

Check surfaces for color fastness in a small hidden area before widespread application.

For newly soiled areas, dispose of any solid waste from the area. Spray the soiled area until saturated and let sit for 15 minutes to allow the enzymes to work. Remove the stain with a wet brush or towel. Blot dry.

For older stains, follow the directions above. A second application may be needed to remove old stains and odors.

### Directions for odor removal:

Check surfaces for color fastness in a small hidden area before widespread application. Remove any solid organic waste present.

Spray onto soiled area for immediate and permanent odor control. Let air dry and repeat if needed. For imbedded odors, spray the area until saturated and let sit for 15 minutes. Let air dry and repeat if needed.
